

1. Agile Sprint Planner Template

Filename: Agile_Sprint_Template.zip

Contents:

- 1. PDF Template: agile_sprint_template.pdf
- 2. Editable LaTeX Source: agile_sprint_template.tex
- 3. Preview Image: sprint_preview.png
- 4. README.md:

markdown

Copy

Agile Sprint Planner Template ## Usage 1. **Edit in LaTeX**: Modify `agile\_sprint\_template.tex` for your project.

2. **Convert to PDF**:

```bash

pdflatex agile\_sprint\_template.tex

- 1. Automate Updates: Use Python to fill user stories dynamically (example in autofill\_sprint.py).

Terms

- Free for personal/commercial use (MIT License).
- Credit optional but appreciated.

### \*\*2. ATS-Optimized Resume Template\*\*

\*\*Filename\*\*: `ATS\_Resume\_Template.zip`
\*\*Contents\*\*:
1. \*\*LaTeX Template\*\*: `resume\_template.tex`
2. \*\*Sample PDF\*\*: `resume\_sample.pdf`
3. \*\*Validation Script\*\*: `check\_ats\_compliance.py`
4. \*\*README.md\*\*:

'''markdown
# ATS-Friendly Resume Template

## Features
- Pre-tagged headings (H1/H2) for ATS compatibility.
- Lightweight LaTeX structure.

## How to Validate
Run the Python script to check for missing sections/keywords:
```bash
python check_ats_compliance.py resume.pdf

Copy

3. Free PDF Security Toolkit
Filename: `PDF\_Security\_Tools.zip`
Contents:

- 1. **Python Scripts**:
- `encrypt\_pdf.py`: Add password protection.
- `remove\_metadata.py`: Strip sensitive metadata.
- `redact\_pdf.py`: Permanently redact text.

2. **Usage Examples**:
...python
Encrypt a PDF
python encrypt_pdf.py --input doc.pdf --output secure.pdf --password "YourPass123"

Remove metadata
python remove_metadata.py --input doc.pdf --output clean.pdf

- 1. README.md:
- 2. markdown
- 3. Copy
- 4. # PDF Security Scripts ## Dependencies - Python 3.8+
- 5. - PyPDF2 (pip install pypdf2)
- 6.

- 7. ## Legal Note
- 8. Use responsibly. Not liable for data loss.

5. API Documentation Template

Filename: API\_Docs\_Template.zip

Contents:

- Markdown Template: api\_docs\_template.md
- Pandoc Script: convert\_to\_pdf.sh
- bash
- Copy
- # Convert Markdown to PDF
- pandoc api\_docs\_template.md -o api\_docs.pdf --template=eisvogel
- Sample Output: api\_docs\_sample.pdf

Hosting Instructions

- Upload ZIPs: Place all files in /wp-content/uploads/downloads/ on your server.
- Update Article Links: Replace placeholder URLs in your article with:
- html
- Copy
- <a href="https://freepdfreads.com/wp-content/uploads/downloads/Agile\_Sprint\_Template.zip" download>
- Download Agile Sprint Template
- </a>
- 
- Run HTML
- Set Permissions: Restrict direct access via .htaccess (as previously guided).

Terms of Use for All Downloads

Include a terms.txt file in each ZIP:
